

# TINTON FALLS 9/11 FIREFIGHTERS MEMORIAL AT WAYSIDE FIRE COMPANY

The members of the Wayside Fire Company are proud to present our plans to construct a memorial honoring those who lost their lives and were a part of September 11<sup>th</sup>, 2001.

The members of the Fire Company have worked hard developing the details and acquiring the center piece of our memorial which are two steel beams which were once part of the World Trade Center.

Our memorial also has another special aspect which memorializes FDNY Firefighter Arthur Barry of Ladder 15 who perished on that fateful day; his parents are residents of Tinton Falls and have honored us in donating the very firefighting gear Firefighter Barry wore.

The Fire Company is seeking your help, the residents of Tinton Falls, to help fund the construction of this unique 9/11 Firefighters Memorial which will be permanently located on Asbury Avenue and open to the public.

Wayside Firefighters loading World Trade Center Steel in NYC to be used on the memorial.

The members of the Wayside Fire Company have currently established a plan to have a ground breaking for this memorial within a few months and hope to have this project completed for the 10<sup>th</sup> Anniversary of September 11<sup>th</sup>.

**Please donate and help us make this a reality!**
