Re: Renaming the Father-Daughter Dance

Dear Tinton Falls,

As Mayor, I have authorized the renaming of the Father-Daughter Dance to simply: 'The Daughter Dance', in response to several inquiries that my office received over the past few weeks. This includes a mother who passionately addressed the Borough Council and expressed how deeply her daughter felt being left-out of this dance, because she was being raised by two mothers.

The Daughter Dance helps promote and support inclusivity of children who are being raised by same-gender parents and those without father-figures. All are welcome to this great event! The Daughter Dance also helps to improve sensitivity in Tinton Falls and helps move our great community forward!

I would like to take this opportunity to thank Council President Gary Baldwin and Councilman Christopher Pak, in addition to Tinton Falls resident Tracy Buckley, who helped champion and support efforts to change this dance and promote diversity and inclusivity in the Borough of Tinton Falls.

Respectfully,
